CO - INTRODUCTIONS

From L. Allen Akron, Ohio

342 Loretta - Pure pink, very clean color with a white throat. This white does not blend into the pink but ends very distinct at the pure pink color. A 100% cutter, 17-18 buds. Bulblets plentiful and germinate good.

Large \$3.00, Med. \$2.00, Small \$1.00, Blts. \$.35 or 3 for \$1.00.

From Alvin Bork, Fair Lawn, N.J.

Apollo - New distinctive tall white, set off by deep rose pink throat markings. Large winged butterfly type florets on a nice spike of 17-18 buds. An eye catching blotched fine cut flower, garden visitors pick out.

Any size bulb \$1.00; Jumbo blts. 10 for \$1.00.

From Leon Nieb, Niles, Mich.

GOOD MORNING, Lacey-Nieb, Class 503 (E. the Queen X Blessed Damosel)

Larger and more showy than Corona or Columbia, which it resembles in color and pattern, GOOD MORNING opens 7-8 with 6-7 in color on 18-21 bud spikes. There is a large rose band around the white florets when bloomed in normal weather, but during extreme heat the band narrows and some of the rose color migrates to the white part of the floret making a beautiful color combination. It attracts immediate and respectful attention at any show and is a heavy blue winner. The bulbs are like those of the seed parent and covered with excellent bulblets which germinate and grow well. A very rapid increaser from bulblets and a first class exhibition and commercial variety. Opens well from tight bud and keeps a long time after cutting. Of the large glads introduced this year this seems to be the best.

PRICES GOOD MORNING Large \$10.00, Bulblets \$1.00 each

SCARLET Tanager, Kleinhans-Nieb, Class 336 (Burma X King Lear)

A world beater in everything but size, brilliant scarlet in color, opening 6-8 with 7-8 in color on 20-22 bud spikes with beautifully ruffled florets, SCARLET Tanager attracts instant and favorable attention wherever exhibited. At seedling shows it has scored as high as 88½ points and has never left a show without at least one blue ribbon. When it comes to producing bulblets this one don't know when to stop. The first seedling bulb of this variety had over 300 bulblets clinging to it. This variety seems to me to be the best of the 300 class introductions for this year.

PRICES SCARLET Tanager Large \$2.50, Med. \$2.00, Bulblets 25¢ each.

- 590 **Cherokee** (Snyder - 53) A new and distinctive color distinguishes Cherokee. It is a rich velvety bronze red, slightly deeper to edges of petals. The blooms are beautifully formed, wide open, ruffled and fluted. It has excellent texture and opens 7 to 8 well attached, perfectly placed 5½" blooms on 30" flowerheads of 20-22 buds. Spikes grow 54" tall with dark green healthy plants. Propagation and germination excellent. Winner of American Home Ach. medal 1951; Award of Merit and various blues 1952. Rated A in Canada and Washington test gardens and scored 83½ in Michigan Trials which was second highest in gardens. Was Grand Champion at Detroit show (53). L \$2.00; M \$1.50; S \$1.00; Blts. 10 for \$2.00.
- 407 **Columbia** (Roberts - 51) This lovely creamy white glad with petal edging of bright rose must be grown to be fully appreciated. The halo is much more distinct than that of Corona and habits and health are superior. Grows straight as an arrow. Propagation and germination are excellent, many bulblets blooming. L \$.50; M \$.30; S \$.20; Blts 10 for \$.25.
- 406 **Cream Orchids** (Fischer - 51) The waxy, creamy heavily lacinated florets more closely resembling an orchid, than does any other variety, make the name appropriate. Probably will be at its best in corsages and for those who delight in artistic arrangements. L \$.40; M \$.30; S \$.20; Blts. 10 for \$.25.
- 461 **Crown Jewel** (Fischer - 51) Light rose-pink verging on lavender with a ruby throat. Most harmoniously beautiful and striking. Opens up to 8 ruffled florets on tall, strong spikes. Vigorous grower. L \$.40; M \$.30; S \$.20; Blts. 10 for \$.25.

- 460 **Francesca** (Toben - 50) A very beautiful light lavender that is bound to become one of the most popular when it becomes well known. Color blends to cream throat, with a slight infusion of cream thruout the flower. Florets are borne on a tall willowy stem, opening 5 or 6 on an 18-bud spike. One of the most beautiful pastel varieties in existence. L \$.75; M \$.50; S \$.35; Blts. 2 for \$.15.
- 466 **Gail** (Farrington - 49) A tall stretchy lavender shading to deeper lavender at petal edges. It opens 7 to 9 well attached florets, having gracefully recurved petals. RECENT INTRODUCTIONS

- 443 **Jessie Mae** (Knight — 52) A rich deep pink with scarlet feather in the throat, which adds charm and appeal. It grows 58 inches tall, has a 28-inch flowerhead carrying 20 buds, of which 9 open at one time with 6 in color. Extra heavy textured and heavily ruffled. Winner of the American Home Achievement and numerous other awards. L \$1.00; M \$.60; S \$.40; Blts. 3 for \$.25.
- 570 **King David** (Carlson — 51) King David is a class 570 deep royal majenda, or purple, with rich velvet-red throat. It is very ruffled, winged and fluted. Florets run 5½ inches in diameter with a pronounced picotee edging. It is a tall grower, producing perfectly straight spikes, carry 22 to 24 buds, holding 10 open and 10 more showing color. Unlike many purples, florets do not burn. The propagation and germination are excellent. King David has a fine record of show winnings, with 3 American Home Achievement medals, namely Minnesota '49, Boston '50, and Indiana '50. L \$.50; M \$.35; S \$.20; Blts. 10 for \$.20, 100 for \$1.50.
- 400 **Mother Fischer** (Fischer — 51) One of the best of the new whites, immaculately chaste, heavily ruffled and strong in vigor and growth. Surpassed only by Evangeline in height. - 540 **Nordic Queen** (Fischer — 52) Soft glowing flesh pink, blending into a creamy-yellow throat. Nordic Queen has exceptional substance and a glistening sheen, delightfully fluted. L \$.50; M \$.35; S \$.20; Blts. 10 for \$.35.
- 452 **Red Velvet** (Bastian — 52) A red of about the same color as Red Charm, save that Red Velvet has more sheen or sparkle, a more live color. It consistently makes tall spikes and I have seen no tendency to crook. It is a medium early bloomer, season about 80 days. It grows to a maximum of 60 inches with a flowerhead of 28 inches, carrying 18 to 20 buds and opening 6 to 8 wide open florets. It is a good propagator and germinator. The bulbs grown from bulblets are high crowned like the old Commander Koehl and are dark red. L \$.50; M \$.35; S \$.20.
